School Accountability Report Card

Reported Using Data from the 2013-14 School Year

Published During 2014-15

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

Professional Development

A constructive evaluation process promotes quality instruction and is a fundamental element in a sound educational program. Evaluations and formal observations are designed to encourage common goals and comply with the state's evaluation criteria and district policies. Temporary and probationary teachers are evaluated twice a year and tenured teachers are evaluated every other year.

Evaluations are conducted by the principal, who has been trained and certified for competency to perform teacher evaluations. Evaluations are based on the "California Standards for the Teaching Profession" which include the following: engaging and supporting all students in learning, understanding and organizing subject matter for student learning, assessing student learning, creating and maintaining effective environments for student learning, planning instruction and designing learning experiences for all students, and developing as a professional educator.

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. Teachers were offered a broad-based variety of professional growth opportunities in curriculum, teaching strategies, and methodologies. 2013-14 staff development topics included: Illuminate Training, Pearson ELA Training, Pearson ORA Training, Holt Differential Instruction ELA, CMAT (Math) Training, three day RTI Conference, Scholastic Read 180 & System 44 training, Waterford Early Reading Program training, Positive Behavior Intervention Support (PBIS), Professional Learning Communities (PLC), and Success Maker training.

For additional support in their profession, teachers may enlist the services of the district's Beginning Teacher Support and Assessment (BTSA) support provider and/or the Peer Assistance and Review (PAR) Program.
